A-Chair Wood Base

By Jens Risom, 1961

Model	6540 - A-Chair Wood base Club chair, Wood Lounge chair
About	Echoing his sentiment that "when sizing up a chair, do it sitting down", Risom's design of the A-Chair fuses comfort with a well-tailored sense of class. With the A-frame in the back that cradles the chair, it began as a functional detail and became the signature trait. The slight angle of the back is mirrored in the angles of the arms, adding a sense of equilibrium to the leaned back look. The two-piece back and seat cushion add comfort and are discretely incorporated into the design as graphic elements.
Product group	Lounge chairs
Measurements	W: 78 cm, D: 87 cm H: 87 cm, Sh: 42 cm
Weight	23 kg
Materials	Solid wood base with optional glides for hard or soft flooring. The upholstered body is made on a core frame built from solid wood and plywood, then padded with CMHR or HR foam.
