

Søborg Metal base Chair

Designed By Børge Mogensen, 1952

The Søborg chair is a comfortable chair with generous proportions in the seat and back, both of which are available with or without upholstery. This makes the chair suitable for restaurants as well as meeting rooms, casual workspaces and private homes. The chair was designed in 1952 and is one of Børge Mogensen's rare works in steel. The Søborg chair has replaceable components that can be renewed separately as needed.
