Trinidad

By Nanna Ditzel, 1993

Model	3398 - Wooden seat
About	When designing the Trinidad Chair in 1993, Nanna Ditzel found inspiration in the elaborate fretwork from the Gingerbread Facades that she had seen in colonial architecture while travelling through Trinidad. Much like the facades, the cut-out fretwork of the chair triggers an interplay of light and shadows, creating a pattern projected into space and a subtle sense of motion.
